

FOURTH YEAR.

MAYSVILLE, KY., WEDNESDAY, JULY 31, 1895.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter from gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppliers.

Excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, &c., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Notices in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times—the bill is \$13.25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

GONE TO HER REWARD.

Miss Emma Schnelle, Aged 23, Died
at 1:40 This Morning.

Miss Emma Schnelle, aged 23 years,
daughter of Mr. and Mrs. Fred Schnelle
of the First Ward, died this morning at
1:40 o'clock.

She had been suffering for several
weeks from malarial fever, and was ap-
parently some better yesterday morning,
but last night she was taken with a con-
gestive chill, which proved fatal.

Miss Emma was a beloved member of
the Christian Church, a member of
Friendship Lodge, D. of R., and was a
delightful young lady to all who knew
her.

Her many friends will be pained to hear
of her death.

No definite arrangements had been
made for the funeral up to our going to
press.

ONE TO NOTHING!

THAT'S THE WAY IT STOOD
IN OUR FAVOR.

Claggett, the little fellow who caught
for Ashland last season and part of this,
and also played in two games with the
Locals here this season, is now a salaried
man on the Waverly, O., team. Claggett
is a pretty good ball player.

The Maysville Grays defeated the Aber-
deen Baseball Club by a score of 15 to 14.
The features of the game were Dawson at
short, Wood's batting and Sons making
five of the fifteen runs for the Grays.
Batteries—Fansler and Wood, O'Hearn
and Wood.

Jack Glascock has been let out by
Washington, and is to be Manager and
first baseman of the Wheelings in the
Iron and Oil League. Those poor ball
players had better buy them a good hick-
ory club apiece, as they will need it to
keep him quiet.

The Ashland News has this to say of
the Portsmouth-Ironton game Saturday:
"Portsmouth sent a great gang of freaks,
disguised as ball players, up to Ironton
Saturday, and they ran up against the
mighty arm of 'Pard' Collins, who was in
the box for Ironton. Seven innings sat-
isfied the freaks that they had no license
to dally with him, and they were willing
to let it go at 24 to 4 in favor of Ironton."

glass Dinner Set for \$7 50, at Schatz-
mann's.

Mr. Charles Wheeler is closing out his
business at Mayslick, preparatory to re-
moving to Houstonville, Lincoln county.

EVANGELIST FIFE'S MEETING.

It Was the Most Successful One Ever
Held in Campbellville.

W. P. Fife, the well known Evangelist
of Charlotte, N. C., assisted by Profes-
sors Price and Marsdon, has just closed
an interesting series of meetings at Camp-
bellville.

The good done is almost incalculable.
About 160 persons were converted and
a large number of "backsliders" re-
stored.

It is said by many of the oldest citizens
that there has never been such a meeting
in the history of the county.

Mr. Fife is a fearless preacher and re-
bukes sin of every form with a boldness
unparalleled, at the same time
moving his audience to tears with pa-
thos.

The effect of the meeting is wide-
spread.
Great crowds went from the country,
his audience often numbering 1,500 peo-
ple.

The services were conducted in the
large building recently occupied by the
Royer Wheel Company with a seating
capacity of about 1,500, and often from
300 to 500 were compelled to remain out-
side.

The music was furnished by a choir
of seventy-five voices, with a piano and
organ.

Mr. Fife was ably assisted by resident
Ministers, Revs. A. P. Lyon of the Metho-
dist, J. H. Weaver of the Presbyterian
and J. W. Loving of the Baptist Church,
formerly Pastor of the Lewisburg Baptist
Church, this county, all of whom joined
enthusiastically in the services, contrib-
uting no little to the success of one of the
most remarkable series of union meetings
ever held in this part of the state.

Mr. Fife has been requested to hold
like meetings at Lebanon, and has agreed
to do so as soon as he can recuperate
from the fatigue of the meetings here.

Two shut-outs at the capital city. But
you know what the boys did to the Sena-
tors.

The Portsmouth Blade playfully dubs
their leading baseball team "Pratt's Para-
lytics."

There must have been a streak of good
luck followed the Locals out of Tennes-
see, or they must have rubbed some-
body's hump.

In the long-distance throwing contest
at Iron-ton last Saturday Gaines won over
Taylor, Jones and Batham, covering
about 103 yards. It was generally be-
lieved Taylor did not try for the honor.

Zimmer, the catcher of the Huntington
team who had his collar bone broken in a
game in this city by little Ray Tenley,
will soon be able to resume his position
behind the bat with his regular team, and
The Huntington Advertiser says: "Zim-
mer behind the bat, Jones in right, Rei-
man on second, Smith in center and
Woodruff in left will make an outfield too
strong for these suburban clubs."

We are now satisfied that there was
something wrong at Knoxville. The fol-
lowing telegram is now going the rounds
of the press from that city:

KNOXVILLE, TENN., July 29th.—A
movement is on foot here to have the
Maysville, Ky., and the Knoxville Base-
ball Clubs play a series of three or five
games in Cincinnati some time in Aug-
ust.

In the seven games just played between
these two clubs here the locals won five,
and the Kentucky people are not satis-
fied. A purse of \$4,000 has been prom-
ised the winning team in the series indi-
cated. A special trainload of cranks,
fans, rooters, bleachers, Indians, &c.,
will be run from Knoxville.

The Maysville Fair is formally an-
nounced in today's Ledger.

Work is progressing satisfactory on the
pulley factory. The contract calls for
its completion in thirty days.

Mr. Ed. P. Browning and family are
expected home Friday from Esculapia
Springs, all in improved health.

The Kanawha at Charleston continues
falling slowly.

A rise of 4 is reported below the dam
in New river at Hinton.

The river is now falling again, but it
has advanced sufficiently to revive in-
terest in navigation considerably.

There was in all about six feet of
water in the Kanawha, sufficient to allow
a small coal run from that stream.

The contract for Government towing at
the mouth of the Licking river has been
awarded to the steamer F. J. O'Connell.

The Lizzie Bay had a tremendous trip
of freight from Gallipolis early yesterday
morning, including 200 hogheads of to-
bacco and 100 head of stock.

The Sunshine from Pomeroy Monday
at noon was blocked off with freight.
Her principal items were 231 hogheads
of tobacco and 251 head of stock.

The water looked for at headwaters has
not yet materialized. A slight rain is
falling at headwaters this morning, but it
is not sufficient to be of any consequence
to the stage of water in the river.

The George W. Mordock, with a tow of
salt and coal, from Pomeroy, passed
down Monday with the old ferryboat H.
A. Mead in tow for the Levanna boat
yards, where she will be dismantled.

The E. A. Andrews, one of the finest
towboats floating the Ohio, passed down
yesterday with a light fleet of coal. The
Andrews is equipped with the most im-
proved machinery, and both incandescent
and arc lights.

Until the blood is thoroughly cleansed of all
impurities, it is useless to expect the cure of
any disease. Has cured others, will cure you.

In the premium list of the Maysville

Deafness Cannot be Cured
by local applications, as they cannot reach
the diseased portion of the ear. There is only
one way to cure Deafness, and that is by con-
stitutional remedies. Deafness is caused by
an inflamed condition of the mucous lining of
the Eustachian Tube. When this tube gets
inflamed you have a rumbling sound or im-
perfect hearing, and when it is entirely closed
Deafness is the result, and unless the in-
flammation can be taken out and this tube re-
stored to its normal condition, hearing will
be destroyed forever; nine cases out of ten
are caused by catarrh, which is nothing but
an inflamed condition of the mucous sur-
faces.

We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that
cannot be cured by Hall's Catarrh Cure
